Parent/Guardian of winter play participant,

First, thank you so much for sharing your child with us. Please take time to go over the schedule with your student. Check it against your calendar for any vacations, appointments, or other conflicts. It is vital that each person be at every rehearsal (especially later rehearsals until the run of the show). It is also required that each participant (actor and technician) attend school the **ENTIRE** school day of a performance. If a student is even late for school on the Friday of the show he or she will **NOT** be allowed to participate in the performance on Friday, Saturday, or Sunday.

After reviewing the schedule portion, please be aware of a few other pieces of information:

- It is important that we begin rehearsal at 6:00 during the evening rehearsals. That means students may need to arrive before six in order to be ready.
- Take a look at the script if you have any questions about content, please contact us at your convenience.
- We try very hard to let students out on time, but we may need to keep them past 9:00 for notes or announcements.
- There is a \$60.00 activity fee students will need to pay to participate in the show. This fee covers costs for sets, costumes, etc. The school district does not pay for any cost for producing theatre. There is an exemption for students in Drama 1. This exemption allows only the drama 1 student to be in 1 production without having to pay the fee. However if the student volunteers for other performances the fee will be incurred.

Thank you again for your support,
David M. Krudwig
Theatre Director/Producer

I have reviewed the schedule with my student and understand his/her responsibilities as a part of this production. (Please cut out and return to Mr. K by Wednesday December. 4th.)
