ANIMAL FARM

Directed by Amara Salazar

Design by
Amara Salazar

Technical Direction by
Christian Barnard

A special thanks to our Theatre Booster Leadership Team and all other theatre booster volunteers!

A note from the director:

Animal Farm may be told through animals, but it is ultimately a story about power, leadership, and the consequences of silence. In preparing this production, our students researched the allegory behind George Orwell's work, exploring its historical roots and the real events and figures it reflects.

As they brought this story to life, these young artists were challenged to think critically about how to interpret events throughout the story through performance. The class came together and created a wonderful show.

Though written as a response to a specific moment in history, Animal Farm remains strikingly relevant through every era.
